**SAP**<sup>®</sup> Certified  
Integration with SAP S/4HANA<sup>®</sup> Cloud

**THE BEST RUN** 

SAP certification focuses on technical integration with SAP solutions. Vendor is responsible for the product itself, its error-free operation, and adherence to applicable laws.

\*CVA [SAP NetWeaver Application Server, add-on for code vulnerability analysis]: Uses static analysis techniques to discover potentially exploitable flaws. Due to the nature of software security testing, the lack of discoverable flaws does not mean the software is 100% secure. Vendor is solely responsible for fixing and maintaining the solution.
